Children's Beach House Thanks Wilmington Trust

June 27, 2011 ~ Wilmington, Delaware: Throughout the past years, many Delaware children, their families, and the local community have benefited from the wise and far-reaching vision of the Children's Beach House founder, Lydia C. du Pont. Whether first, in her summer home on Lewes Beach or now, in our present structure located at 1800 Bay Avenue in Lewes, our mission, addressing the special needs of local Delaware children, has remained constant.

To ensure Lydia's wish, there are others in Delaware who have joined our efforts by becoming a CBH Partner in our new "*Partner Program*". A CBH Partner may join at the Champion level contributing \$25,000, Colleague level contributing \$20,000, or the Associate level contributing \$15,000. Such gifts are a crucial resource for Children's Beach House, and the support from the CBH Partners ensure the continuation of our vital programs for the children we serve.

We are deeply appreciative for the dedication and support for Children's Beach House by the Wilmington Trust Company, our first Champion Partner. While Wilmington Trust was recently purchased by M&T Bank, the Wilmington Trust Wealth Management Division will continue with the Wilmington Trust name. We are thankful that this division has decided to support our cause and we are pleased to recognize them as the first CBH Champion Partner having contributed \$26,000 to our organization.
